

Kanban Board Phase 3 Requirements after Phase 2 Demo Meeting.

18th November 2024

Requirements from Prof Nik Brown:

1. What projects exist in the company?
2. Description of projects in the list.
3. What projects are we currently working on, and what is their status?
4. Where is the code? When I click on a link, I should see the GitHub Code. Where are we hosting it on AWS/ GCP?
5. If a person logs in as CEO, they should be able to see what projects are active or inactive.
6. Demo Review: Search bar.
7. Also, which volunteer is working on which project?
8. Raghyna has shared project details; we must update them in the Kanban Board.

Ideation and Requirments from the Frontend Team:

1. New Admin Page Design.
2. The software tour link will help you understand the software.
3. For the people page, adding all volunteer's details is needed.
